

Adopt a Star

Give a gift that's out of this world

Space Place ✕ ✕ ✕
At Carter Observatory ✕

You may never be able to own a star, but don't worry; now you can adopt one with Space Place!

From just \$50 give someone you love a gift that's out of this world.

Choose to dedicate a Single Star, a Binary Star for couples, or a Super Bright Star such as Sirius, Rigel or Betelgeuse. Your adopted star is unique to you through the Space Place programme, and is visible from New Zealand.

Your Adopt a Star pack contains:

- ✕ A certificate dedicating the selected star to a nominated person or event
- ✕ Coordinates and instructions on how to locate your adopted star in the night sky
- ✕ Background information on your star's constellation and type
- ✕ A sheet of astronomical terms
- ✕ A *Star Supporter* lapel pin

It's another way to catch the stars at Space Place!

The Adopt a Star programme run by Space Place does not provide any legal entitlement or scientific naming rights.

To purchase your star, complete the attached form and send to: Space Place at Carter Observatory, PO Box 893, Wellington 6140 or email spaceplace@wmt.org.nz

Yes! I would like to adopt a star in support of Space Place

Please tick

- Single Star** \$50.00
- Binary Star (for couples)** \$70.00
